

Sunglasses Included!

“I don’t wear glasses but my family does.”

With CEC there's something for everyone! Non-prescription eyewear, including sunglasses, are included in your CEC vision plan. That means you can use your allowance for sunglasses and your family can get the eyewear option that best meets their needs. Let's use the family above as an example:

DAD

Wears glasses & needs an annual eye exam

KIDS

Currently don't need glasses, need annual eye exams & can get cool sunglasses!

MOM

Has perfect vision, needs an annual eye exam & can purchase sunglasses, readers or other non-prescription eyewear with her CEC allowance.

“I don’t need to get my eyes checked. I have perfect vision.”

Even if you have 20/20 vision, getting your annual eye exam is really important. At your appointment, your doctor can check for other health issues such as diabetes, high blood pressure, and even brain tumors. In fact, when our CEO was practicing, he diagnosed 3 diabetes patients each week and at least 2 brain tumors a year.
